USAC Partnership Programs Abroad
Natural Resources and Environmental Science and Agricultural Science Majors

These are a sampling of Natural Resource and Environmental Science and Agricultural Science programs available to students on USAC Partnership programs. Students are advised to meet with a USAC program advisor to discuss the specific courses available in the term they wish to study abroad. UNR academic advisor approval is required to apply credit from Partnership program toward UNR degree requirements.

Geelong and Melbourne, Australia: Deakin University
- Environmental Science
- Sustainability and Environmental Management
- Wildlife and Conservation Biology

Gold Coast, Australia: Griffith University
- Ecology and Biodiversity
- Environmental Science
- Environmental Sustainability
- Soil, Water, and Energy

Brighton, England: University of Brighton
- Ecology and Conservation
- Environmental Science

Bristol, England: University of Bristol
- Environmental Science
- Plant Science
- Veterinary Science

Reading, England: University of Reading
- Agriculture
- Animal Science
- Ecology and Wildlife Conservation
- Environmental Management

Cork, Ireland: University College, Cork
- Agricultural Science
- Applied Coastal and Marine Management
- Ecology and Environmental Biology

Galway, Ireland: National University of Ireland, Galway
- Environmental Science

Auckland, Palmerston North, Wellington, New Zealand: Massey University
- Agriculture
- Animal Science
- Animal Genetics and Breeding
- Animal Nutrition and Growth
- Animal Welfare
- Ecology and Sustainability
- Environmental Studies
- Farm Management
- Equine Science
- Horticultural Science
- Plant Science
- Resource and Environmental Planning

St. Andrews, Scotland: University of St. Andrews
- Animal Behavior
- Sustainable Development
Stirling, Scotland: University of Stirling
- Aquaculture
- Conservation Biology and Management

Stellenbosch, South Africa: Stellenbosch University
- Agronomy
- Animal Production Systems
- Animal Sciences
- Conservation Ecology
- Conservation Ecology and Entomology
- Experimental Farm
- Food and Wine Production Systems
- Food Science
- Forestry and Natural Resource Sciences
- Forest and Wood Science
- Horticulture
- Plant and Soil Sciences
- Plant Pathology
- Soil Science
- Viticulture and Oenology
