## USAC Specialty Programs Abroad

### Natural Resources and Environmental Science and Agricultural Science Majors

The following USAC Specialty programs offer courses and internships during the Spring '20, Summer '20, Fall '20, and Spring '21 academic terms targeted to the academic needs and interests of natural resources and environmental science and agricultural science majors. Please visit [USAC.edu](https://www.usac.edu) for course descriptions and terms offered; and speak with your academic advisor to see how you can best fit study abroad into your University of Nevada, Reno degree program. *Course offerings are subject to meeting minimum student enrollments and are subject to change.*

*Field Studies have an additional fee*
