

World Languages and Literatures - Spanish

The following USAC Specialty programs offer courses targeted to the academic needs and interests of Spanish language majors and minors. USAC offers sequential Spanish language courses grouped into language tracks, which provide Spanish learners with a structured and intensive learning experience. This model allows students to complete up to two years of Spanish in one semester. The Madrid and San Sebastián semester programs require all students to complete a full language track while the remainder of our Spanish language programs require students to complete 1-2 courses in the track unless otherwise noted* Please visit USAC.edu for course descriptions and terms offered; and speak with your academic advisor to see how you can best fit study abroad into your University of Nevada, Reno degree program. Syllabi are available upon request at syllabus@usac.edu

Language courses available at all Spanish-speaking locations offering language tracks
