

Health Science/Pre-Nursing/Public Health/Kinesiology

These are a sampling of health science programs available to students on USAC Partnership programs. Students are advised to meet with a USAC program advisor to discuss the specific courses available in the term they wish to study abroad. UNR academic advisor approval is required to apply credit from Partnership programs toward UNR degree requirements.

Geelong and Melbourne, Australia: Deakin University

- Food and Nutrition
- Food studies
- Health Sciences
- Health, nature, and sustainability
- Environmental Health
- Exercise Science
- Sports nutrition

Gold Coast, Australia: Griffith University

- Public Health Research Methods
- Introduction to Health Promotion
- Language and Communication for Health
- Epidemiology
- Foundational Anatomy and Physiology
- Sustainability and Health
- Priorities and Interventions in Public Health
- First Peoples Health and Practice

Brighton, England: University of Brighton

- Exercise Psychology
- Nutrition
- Sports Science

Bristol, England: University of Bristol

- Anthropology and Global Health
- Child Health
- Health Policy in an International Context
- Inequalities in Health, Poverty and Development
- Medicine and Anatomy
- Neuroscience
- Nutrition
- Pharmacology
- Physiology
- Psychological Science

London, England: London Metropolitan University

- Advanced Bioanalytical Science
- Anatomy
- Applied Immunology
- Ethics for Science
- Fundamentals of Bioanalytical Science
- Fundamental of Pharmacology
- Global Health
- Introductory Chemistry
- Medical Genetics
- Nutrition and Dietetics
- Parasitology
- Psychology
- Physiology
- Public Health
- Sport Science
- Systems Pathology
- Toxicology
- Virology

Reading, England: University of Reading

- Biology
- Human Physiology
- Human Development
- Metabolic and Practical Biochemistry
- Pathology and Histology
- Public Health
- Bacteriology and Virology
- Neuroscience/Neuropsychology
- Psychology

Hiroshima, Japan: Hiroshima University

- Physical and Occupational Therapy

Health Science/Pre-Nursing/Public Health/Kinesiology

Cork, Ireland: University College, Cork

- Anatomy
- Biology
- Food Science
- Neuroscience
- Nutrition
- Nursing
- Pharmacology
- Physiology
- Psychology
- Public Health
- Social Policy
- Social Work
- Virology

Maastricht, Netherlands: Maastricht University

- Health Systems in Europe
- Health Policy at the European Level
- Improving Quality of Care
- Public Health Policymaking
- European Public Health in a Globalizing World
- Medical Ethics

Auckland, Palmerston North, Wellington, New Zealand: Massey University

- Principles and Practice of Epidemiology
- Health Communication
- Health of Communities
- Quantitative Methods in Public Health
- Environmental Health Risk Management for Disaster
- Epidemiology and Communicable Diseases
- Food Choice and Nutrition Promotion
- Integrated Human Health
- Occupational Health and Safety
- Mental Health and Addiction

St Andrews, Scotland: University of St Andrews

- Biology
- General Health
- Infection and Disease
- Physiology

Stirling, Scotland: University of Stirling

- Anatomy and Physiology
- Biology
- General Health
- Mental Health
- Psychology
- Sport and Exercise Science

Stellenbosch, South Africa: Stellenbosch University

- Chemistry for Health Sciences
- Public Health Medicine
- Health in Context
- Principles of Therapy
- Essentials of Disease Processes
- Personal and Professional Development

Vaxjo/Kalmar, Sweden: Linnaeus University

- Perspectives on Contemporary Illnesses
- Global Health from an Intercultural Perspective
- eHealth in a Global Perspective
- Knowledge of the Nursing Profession II (Swedish)
